Re: United States v. Davis, et al.  
Criminal No. 1:03-CR-667-JEC

Dear Ms. Martinelli:

Thank you so much for appearing on behalf of the victims in the Davis and Peterson case on Friday, March 4. As a result of your remarks at the sentencing hearing and, of course, your terrific investigation and coordination with the FBI, as you know, the defendants each received a significant sentence.

On behalf of my office, I would like to tell you how much we appreciate your efforts in this case and look forward to working with you in the future on other matters, should that occasion arise.

Sincerely,

DAVID E. NAHMIAS

In Re: Julia Stevens

Dear Ms. Martinelli,

Please be advised that we have decided that at this time there is no need for further investigation into matters associated with Julia Stevens.

The material you previously sent us allowed us to answer many questions that had been unresolved for a long time.

We appreciate the prompt and professional way you provided direction and response to us. Also the action of your well trained staff.

While these are matters I most likely will not be accounting to many people, if at all, I would not be reluctant to refer your investigation agency to anyone in need of its services.

Yours truly,

Alan H. Croll

Robin,

Thanks for all you help.

Because of your help in locating my wife's estranged family she was able to re-connect with her brother and two sisters, whom she hasn't seen in over 8 years. It is always a joy to get together with family during the Holiday Season.

This year will be a very special one for my wife thanks to you.

Again, Thanks

Note: Lunch is on me.

Mrs. Martinelli,

I want to thank you again for speaking to the Emory Paralegal Certificate students in both Alpharetta and Briarcliff. Your willingness to provide your time and expertise (and free DVDs) was extremely generous, and much appreciated!

Some of our students are new to the legal profession, while others are currently employed in the legal field. However, they all need to be reminded of the importance of planning ahead and thinking strategically, which you demonstrated through the "real life" examples and stories you shared.

Your discussion of the rules governing process servers and private investigators, and the opportunities the field has to offer was also very beneficial for our students to hear.

It would be our pleasure to have you speak to our students again, and perhaps engage our students in a mock investigation or service of process scenario!

Thank you so much, and we hope to see you again soon.

Sincerely,

Georgia Davidson

To Whom It May Concern:

Thank you for the assistance you have provided to our law firm in a recent custody matter. The Defendant had eluded service from two Metro County Sheriff's Departments at her residence and at her place of employment. Your office provided very fast and thorough service of the Defendant, which enabled us to proceed on an Emergency Custody Petition.

As you know, my firm has listed your services on many prior occasions throughout the years. I sincerely appreciate your dedication to providing clients with a effective, dedicated, and dependable remedy for their problems.

If I may be of assistance, do not hesitate to contact me.

With kindest regards; I remain

Very truly yours,
